Certificate

Design Pedagogy

2022
University of Southern California

BA Art Honors Program

2020
University of Washington

Hello!

I am beyond excited to have you join my design journey. As a visual storyteller, I am trained to be highly attentive and detail-oriented. I am quite a nerd about color theories. Aside from creating logos and album covers, I am open to all kinds of design challenges. In fact, some of my proudest works are from talking and collaborating with other designers and musicians! What we can do together is limitless!
